

# Dragonfly / Digital Photography Bridge to Nature Teacher Workshop

Targeted for Teachers Grades 5-12

Saturday June 23, 2012

8:00 a.m.—4:30 p.m.

Boulder Lake Environmental Learning Center  
(18,000 acres just north of Duluth—Free Friday Night Camping Available)

Cost: \$65 - 8 CEU's

**Space Limited to 25 participants— Pre-registration required!**

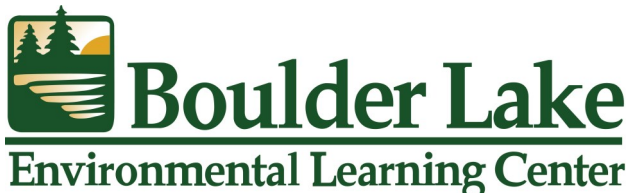

Contact John Geissler at 218-721-3731 or [jdgeissl@d.umn.edu](mailto:jdgeissl@d.umn.edu)

## The workshops will include:

- Techniques for dragonfly and damselfly ID
- Outdoor hands-on field time capturing and examining as many Odonata (dragonflies and damselflies) as we can catch
- Citizen science connections—student data can contribute to MN Odonata Survey Project
- Access to check-out a digital camera and Odonata research kits for your classroom
- New ways to tie dragonfly & digital photography experiences to state education standards; these activities will meld with your curriculum, not add to it.
- Knowledge to use student digital photos with WEB 2.0 applications
- A Technology Training Description to submit to your district

## Presented by:

Ami Thompson Consulting LLC in partnership with the Minnesota Odonata Survey Project and the MN DNR Digital Photography Bridge to Nature Initiative.
