## Boulder Bird Checklist

Welcome to the 18,000 acres of Boulder Lake Management Area, cooperatively managed by Minnesota Power, St. Louis County Land Department, and the Minnesota Department of Natural Resources.

The Boulder Lake Management Area provides you with an opportunity to experience the natural beauty and wonders of this unique area, and it enables you to witness first-hand the effects of ongoing, full-scale natural resource management activities.

Please carry this Boulder Bird Checklist with you during your travels within the Boulder Lake Management Area, and enjoy your visit!
